

## Introduction

This document provides all current and future VW EDI Trading Partners with mapping guidelines for the 850-Purchase Order. Version 004010VICS is the version that will be accepted by VW. In keeping with the standards, it is understood that the 997 Acknowledgement will be generated and sent within 1 business day after the 850 is received.

The following individual will be your point of contact regarding the testing and implementation of new and existing trading partner relationships:

EDI Coordinator

Lisa Cooper

Phone 252-430-2303

Fax 252-430-2440

Email: [lcooper@vwstores.com](mailto:lcooper@vwstores.com)

All questions should be addressed to Lisa Cooper. Lisa will contact the appropriate Trading Partner EDI Coordinator and schedule EDI implementation. Once both parties have agreed on and approved the document(s) for production, the relationship will be considered a production trading partner relationship going forward from that date.

## Points of interest:

- VW orders in EACHES only. If you need the order quantity to be in CASES, you will have to convert it. If you cannot convert it, you will probably not be able to process our 850-purchase orders.
- VW expects the 997-functional acknowledgement in reply to our 850-purchase order within 24 hours of your receipt of the 850-purchase order.
- VW does not utilize or expect the 856-ship notice.
- VW processes but does not require 810-invoices. Vendors should not begin sending 810 documents until VW has agreed to accept them, and we have been through testing and implementation. Documents sent prior to testing and implementation will be deleted.
